# Design Technology A Level

Prepared by: J Stubbs

## Task 1: Design review

Visit a design exhibition. You choose. Below I have listed some suggestions (You can go somewhere else - this could fit in with a visit whilst on holiday).

Take photos of the design and product work in the exhibition and bring home some leaflets. Create a review presentation of no more than 2 slides of work that should be presented in 2-3 minutes describing what you saw and learned from the exhibition.

A few museum suggestions :

Northampton museum (Northants)  
78 Derngate (Northants)  
V&A museum (London)  
Design museum (London)

Bring the completed review into your first lesson in September. This can be done on a presentation board or on google slides.

## Task 2: Design 100...

Use the provided worksheet to design 100 of a chosen item. Pick one product from the list below and design 100 different outcomes for that product. Explore drawing style, colour, shape etc.

Choose one of the following products to design for:

Lamp  
Chair  
Table

Bring the worksheets into your first lesson in September.

# Transition Task

### **Task 3: Design development**

Take one of your most preferred designs from your design 100 worksheets and refine this out. Draw this onto A3 paper in isometric. Please include colour and shading. Bring this completed design into your first lesson in September.

## Design 100...

Design 100 different outcomes for your chosen product. Explore drawing style, colour, shape etc.

## Design 100...

Design 100 different outcomes for your chosen product. Explore drawing style, colour, shape etc.
