

Huxlow Academy

Ambition • Respect • Pride

18 June 2025

Good Afternoon,

Considering the very warm temperatures forecasted for Thursday and Friday, we have decided to make a temporary adjustment to our school dress code to ensure the comfort and well-being of our students.

On these days, students are permitted to attend school in their Huxlow PE kit. Please adhere to the following guidelines to ensure compliance with our uniform standards:

- **Footwear:** Students should wear their normal trainers used for PE activities. Please note crocs, sliders, flip flops or sandals are not permitted
- **Socks:** Acceptable options include trainer socks, black socks, or the standard PE socks.
- **Jewellery and Piercings:** As per our uniform policy, no jewellery or piercings are allowed during school hours.

Given the warm weather, please remind your child to bring the following items to school:

- **Water Bottle:** Students should bring a bottle of water, which can be refilled during break and lunchtime.
- **Suncream:** It is advisable for students to apply suncream before school and bring it along for reapplication as needed.

Thank you for your understanding and support in helping us maintain a comfortable and safe environment for all students.

Kind regards

Mrs. K. Isaksen
Headteacher
